

Home Use Desktop Electric Food Waste Composter For Kitchen

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP
- Model Number: FW300-A1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Product Name: Food Waste Disposer
- Application: Kitchen
- Custom: Accepted
- Net Weight: 10kg
- Feature: One Button Control
- Capacity: 2.5L
- Highlight: **Kitchen Food Waste Composter, Home Use Food Waste Composter, Electric Food Waste Composter**

Product Description

Product Description

The Food Waste Disposer represents a revolutionary appliance that transforms kitchen refuse into valuable fertilizer within a span of 4 to 8 hours. It is designed with a user-friendly one-button operation, and its advanced mechanism allows it to automatically calibrate the working duration in accordance with the moisture level of the waste. This innovation not only streamlines kitchen chores but also substantially lessens the time dedicated to cleaning, all while making a significant contribution to environmental conservation.

The operational process of the machine unfolds in three distinct phases. The initial stage is drying, where high-temperature heat is applied to extract the majority of the moisture from the waste, ensuring its proper decomposition. Subsequently, the grinding phase commences. The robust blades housed within the bucket rotate at a rapid pace, pulverizing the waste into a fine consistency suitable for conversion into fertilizer. The final step is cooling. Once the grinding is complete, the temperature of the bucket is regulated downward, permitting immediate and safe removal of the bucket from the machine.

Product Specification:

Model	FW300-A1
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
Product size	L318*W255*H317.7mm
Filter	Activated Carbon

Product Features:

- * Turn your waste to fertilizer by 2-4 hours
- * Transparent Glass Cover, check the residue conversion status at any time
- * Drying-Grinding-Cooling, three steps reduce volume of your waste by up to 95%
- * Activated carbon filter remove smell
- * Fashion design makes it great to fit your countertop
- * One button start, auto adjust the working time according to the water content of your waste.
- * 2.5L capacity enough to cover your whole family food waste for one day

Food Waste Disposer Principle:

Food waste recycling

Fi

Put all of your food scraps coffee grounds, Grass clippings napkins and so on into IUHAND

Transform

Recycling food scraps and other organic materials into a nutrient-rich fertiliser

Reclaim

recycles food scraps and other organic materials into a nutrient-rich fertilizer that can be used for indoor and outdoor plants
